(QMS117) Environmental Policy

Issue No: 16
Issue Date: 5.1.24
Page 1 of 1
Owner: QA Manager

Artel Scaffolding Limited is committed to compliance with environmental legislation, other requirements, and the achievement of continual improvement and prevention of pollution.

Emphasis will be given to significant environmental aspects of our business with regards to vehicle emissions, fuel storage, waste management, the protection of wildlife and habitats and the protection of controlled waters. We endeavour to minimise the environmental impact of our operations and reduce, as far as practicable, the effects of noise, dust, disturbance, and inconvenience to others.

Artel Scaffolding continually strive to improve standards throughout our areas of operations by enhancing environmental awareness and commitment amongst our employees through structured training and encouraging the adoption of sound environmental principles amongst sub-contractors and customers alike.

We will set quantifiable objectives and targets and monitor progress by reporting key environmental impacts of operations, the improvements achieved and targets for the future.

The Directors have overall responsibility for environmental issues.

Our policy is communicated to all employees and provides a strategic business tool in line with our corporate philosophy to become the number one choice as a Scaffold Contractor. This policy is used in conjunction with our Sustainability Policy.

B Morrissey
Managing Director
